## Introduction

- How HP schools uses the CRT and NWEA data to impact instruction
- By walking you through the process we use, you will be able to see if this process can be of benefit to your school.
- We have used this process for 3 years and the information gleaned are the goals for the current school year and the backbone of our Effectiveness Report.

---

---

---

---

---

---

---

## Agenda

- First, we will look at the information needed for the process
- How we use this information to impact instruction

3

---

---

---

---

---

---

---

## Overview

- This process results in the Goals each grade uses for the current instructional year in both Reading and Math
- We use the CRT data to determine if we met our goals from last year and the NWEA data to determine where our students are ( instructional level) on the way to meeting our goals.

---

---

---

---

---

---

## Vocabulary

- CRT – Montcas Criterion Referenced Test Phase 2
- NWEA – on line Map testing that determines instructional level of each student in terms of a RIT score, aligned with Montana Proficiency .

---

---

---

---

---

---

## Step One

- Grade Level Standards:
- Go to [www.measuredprogress.org](http://www.measuredprogress.org)
- Pull down and select clients
- Select Montana
- Scroll down to Content Standards
- Reading and Math Progressing Toward Standards.
- Go to Program overview
- Select MontCas Alt Assess
- Copy Montana Reading and Math standards and Expanded Benchmarks –( Gr. 4, 8, and 10, upon graduation) Explain details

6

---

---

---

---

- **Directions to Access iAnalyze and your System's Data files**
- Go to : <http://services.measuredprogress.org>
- Using the pull down menu, select "Montana"
- Click on the iAnalyze link
- 
- Type in the inf. For Organizational code
- Login –
- Click " select student items"

---

---

---

---

---

---

---

## What is the OUTCOME

- Goals at each grade level gleaned from the CRT results.
- Special Education, Title Reading and Math, Gifted, Migrant and Free and Reduced.
- Skill lists in Reading and Math

9

---

---

---

---

---

---

---

## How NWEA Map testing fits in

- RIT scores aligned with Montana Proficiency cut scores
- Instructional Levels
- DesCarte of Skills at each RIT range
- Connect to CRT Standard goals
- Growth targets

---

---

---

---

---

---

---

## Summary

- Grade Level Meetings
- Curriculum Reviews
- In-services and Professional Development
- Effectiveness Report
